### **Additional Mathematics A Complete Course for CSEC**

This publication covers solutions to CSEC Additional Mathematics Past Papers for June examinations for the period 2012-2018. Some solutions are deliberately expressed in more detail than what is usually required at an examination level, so as to enhance a deeper and fuller understanding of the mathematics involved. In some cases alternative methods in solving the question are deliberately shown so as to assist students in further revision. Students will benefit immensely through this ...

One area where mathematics and nature collides is in the self-repeating pattern known as the fractal. Fractals can be found in leaves, river flow patterns, lightning, tree branches, seashells, etc. A lot of these can be simply described mathematically by something called the Mandelbrot set. This is an equation that results in an infinite series of numbers that depend on exponentiation of a ...
