Mini Projects For The WM250 Lathe . This is a collection of minor mods and additions that I have made to the lathe. No particular original thinking they have mostly featured on another lathe or been seen in a magazine somewhere. I have included a couple of drawings where appropriate but mostly these little bits are self explanatory from the photos. I can recommend the chuck board / tray, very ...

As most visitors probably know, the mother lode of mini-lathe info is found at Frank Hoose's site. My very first machining project was a tailstock camlock to make it more convenient to move the tailstock. This was a good choice for a first project since it was very easy to build and has been a valuable modification of the minilathe for over 15 ...

Then it occurred to me that I could do a project article on installing a set of DRO PROS magnetic DROs on Mike's new lathe. After some finagling and horse-trading with DRO PROS and getting Mike's OK to do the article, we were able to work out a deal to provide Mike with a set of DROs at a reduced price. Kind of a win-win-win for all involved.
