The Navy SEALs survival mindset is a tried and tested survival hack. We are not fortune tellers but using visualization, "Mystery is at the heart of creativity. That, and surprise" says Julia Cameron, By visualization, we are preparing our minds to play out the possible scenarios and our reactions, as well as the next series of events. The Coupled with our physical preparation for survival, surprises are used as leverage instead of setback, like providing answers to "how do they do it ...

Courtley's purpose in writing is to equip his readers to think, to adapt, and to respond like a Navy SEAL in order to survive unexpected dangers whether of natural or of human origin. I liked the book for several reasons: 1). The 34 survival scenarios covered the gamut of potential dangers for virtually any contingency one might imagine. 2). Courtley's advice is practical and resonates with good common sense.

(Don Mann & Ralph Pezzullo: The U.S. Navy SEAL Survival Handbook, p. 129) On the perils of eating snow: Melt snow before you consume it because if you eat it frozen, you'll reduce your body temperature, which can lead to dehydration. The best technique to convert snow into water is by using what military survival schools call a water machine. Make a bag out of any available porous fabric (you ...
